Commissioner:

In compliance with the duty of disclosure under 37 CFR §§ 1.56, 1.97 and 1.98, and in accordance with the provisions in the Manual of Patent Examining Procedure §§ 609 and 707.05(B), enclosed with the electronic filing of this Information Disclosure Statement ("IDS") is an IDS form (PTO Form SB/08a) listing references that are known to applicant. In accordance with 37 C.F.R. 1.98(a)(2), only "pdf" copies of references *other than* U.S. patents and U.S. published applications are enclosed with the electronic filing of this Information Disclosure Statement.

It is respectfully submitted that this IDS filing is made during one of the periods described in 37 CFR § 1.97(c); an IDS fee as required under 37 CFR § 1.97(c)(2) and as set forth in 37 CFR § 1.17(p) is filed concurrently herewith as an electronic authorization to charge the USPTO Deposit Account for the undersigned.

It is respectfully submitted that some of the listed references (for example, U.S. Patent Document Reference Nos. 2-4 listed on the IDS form (SB/08a) enclosed with the electronic filing of this Information Disclosure Statement) are U.S. patents issued from U.S. patent applications that have been or will be commonly assigned to the entity/ies to which the above-referenced U.S. patent application has been or will be assigned.

It is respectfully submitted that some of the listed references (for example, U.S. Patent Document Reference No. 1, and Non-Patent Literature Document Reference Nos. 1-3, listed on the IDS form (SB/08a) enclosed with the electronic filing of this Information Disclosure Statement) were cited by Office Actions issued for co-pending U.S. patent

applications, or for U.S. patent applications that have now issued as patents, that have been or will be commonly assigned to the entity/ies to which the above-referenced U.S. patent application has been or will be assigned.

It is respectfully submitted that some of the listed references (for example, Non-Patent Literature Document Reference Nos. 4-6 listed on the IDS form (SB/08a) enclosed with the electronic filing of this Information Disclosure Statement) are Office Actions issued for co-pending U.S. patent applications, or for U.S. patent applications that have now issued as patents, as the case may be, that have been or will be commonly assigned to the entity/ies to which the above-referenced U.S. patent application has been or will be assigned.

While this Information Disclosure Statement, and the references and documents cited in the IDS form (SB/08a) enclosed with the electronic filing of this Information Disclosure Statement may be "material" pursuant to 37 CFR § 1.56, submission of this Information Disclosure Statement and citation of the references and documents listed in the IDS form (SB/08a) enclosed with the electronic filing of this Information Disclosure Statement are not intended to constitute an admission that any patent, publication or other information referred to herein is "prior art" for this invention unless specifically designated as such.

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists.

It is respectfully requested that the listed references and documents be considered in the examination of this application and identified on the list of references cited on the patent issuing for this application. Applicant also requests that an initialed copy of the IDS form (SB/08a) enclosed with the electronic filing of this Information Disclosure Statement be entered in the application file and returned to Applicant with the next communication from the office in accordance with MPEP §609.

Section 2. FORM SB/08a

A list of patents and publications is set forth on the IDS form (SB/08a) enclosed with the electronic filing of this Information Disclosure Statement.

Respectfully submitted,

March 4, 2011
Date
